

## **Kizomba Hits Finland - it's time to get close to your partner!**

Sweet and sensual Kizomba was born in Angola as a fusion of various music and dancing styles, such as Zouk and Semba (the predecessor of Samba) from other Portuguese speaking countries. Smooth and romantic melodies combined with African rhythms are inviting clubbing Salseros and Bachateros in ever increasing numbers for some smooth moves and sensual partner work.

During the first weekend in October in Tampere there's a great opportunity to learn Kizomba from the great masters: Jose Rui and Daniela from Kizomba.dk. KIZ ME-festival brings us two days of workshops (8 hours in total) and a Great Latin Dance Party filled with only the best Kizomba, Zouk, Salsa and Bachata.

Kizomba and Zouk are now entering the Latin Dance community in Finland faster than any other dancing style before. When Kizomba and Zouk have been played in Salsa and Bachata events this summer in Helsinki, dancers have occupied the dance floor in fast increasing numbers. By the summer of 2011 most Latin dancers in Finland will know and enjoy dancing Kizomba and Zouk in addition to Salsa and Bachata.
